

Tidewater EMS Council

Partner in Service Award

The council recognizes individuals and organizations who contribute financially to the council in an amount equal to or exceeding \$10,000 with the designation of *Partner in Service*.

The *Partner in Service* award is a 12” acrylic or glass trophy, as depicted below, or similar presented to the individual or organization. However, the meaning of the award goes much deeper than the trophy. A contributor at this level has gone above the call of duty and has provided assistance to the council in support of regional EMS programs and services exceeding what the council could have otherwise provided on its own. In return, the contributor expects nothing more than improved or enhanced regional EMS programs and services either specifically designated by the contributor or undesignated.

The entire EMS region has reason to recognize and thank the *Partner in Service* for their kind and thoughtful contribution(s). In future published references to the contributor by the council, the designation *Partner in Service* will accompany the contributor’s name. The contributor will also be recognized in the council’s newsletter and on the council’s website.

The Tidewater EMS Council, Inc. is a private, not-for-profit, tax exempt organization described in section 501 (c)(3) of the Federal IRS Code. Donations to the council are tax deductible.
